

Productivity & Collaboration

For the Modern Company

Modern Technology ...

... designed to keep up with your business, built with the latest technology, OneOffice will empower your teams with all the tools you need, all at your fingertips.

Your teams will be more **efficient**, your data more **secure**, and your **costs** will go way way down.

Powerful Features

- ✓ Editors for Word, Excel, PowerPoint, Visio ...
- ✓ Projects, Emails & Collaboration
- ✓ Secure Calls & Chats
- ✓ Military-Grade Security
- ✓ Cloud or Hybrid

Most Complete

Contains all the tools your team needs to work efficiently ... in one single platform.

Most Secure

Strongest security in the industry. The only solution you can host on your own private server!

Most Cost-Effective

Save 50 - 70% off your IT, thanks to Open-Source and Huawei Cloud. Less servers, no patches, or breaking updates ...

Jam-packed!

We didn't skimp on features, it's all there. No nickling or diming with dozens of confusing plans.

Your teams will be more **efficient**, your data more **secure**, and your **costs** will go way way down.

Hosted Here

Your data is hosted right here in the GCC on Huawei Cloud, with the latest in infrastructure technology. You comply with all local hosting laws and your data is far from the prying eye.
